Re: Submission to the RESS Special Issue on Sensitivity Analysis of Model Outputs

Dear Professor Guedes Soares,

I am pleased to submit the attached manuscript for review and possible publication in the Journal *Reliability Engineering and System Safety* for the **Special Issue on Sensitivity Analysis of Model Outputs** (Guest Editors: Bertrand Iooss and Bruno Sudret):

The details are:

**Title:**

Information fusion and machine learning for sensitivity analysis using physics knowledge and experimental data

**Authors:**

Berkcan Kapusuzoglu, Sankaran Mahadevan

I look forward to hearing from you about this manuscript, and thank you, the Guest Editors and the reviewers for your time and consideration.

Sincerely,

Sankaran Mahadevan
